UNIVERSITY
OF WOLLONGONG
AUSTRALIA

Enrolment Guide 2027

Faculty of Engineering and Information Sciences

Course Name: Master of Computing
Course Code: 3182
Major: Applied Artificial Intelligence
CRICOS Code: 108454F

Wollongong

COMPULSORY SUBJECTS – MASTER OF COMPUTING (APPLIED ARTIFICIAL INTELLIGENCE)
It is recommended that students enrol in the following subjects in their first year:

Year 1 (Autumn intake)

Autumn Session		**Spring Session**	
CSIT881	Programming and Data Structures	CSCI935	Computer Vision Algorithms and Systems
CSIT883	System Analysis and Project Management	CSIT882	Data Management Systems
CSIT884	Web Development	CSIT985	Strategic Network Design
CSIT970	Security Essentials	CSIT998	Professional Capstone Project

Students with credit transfer subjects on their offer should consult the Academic Program Director for a program of study.

Students who have completed an appropriate combination of subjects in an approved Computer Science major or who have completed a recognised Honours degree in Computer Science may be exempt from one or more of these subjects. Please apply to the Academic Program Director for the Master of Computing.

Students should consult the Academic Program Director for the Master of Computing for their 2028 enrolment.

NEED HELP?
