MY HOME, MY WAY, MY UNIVERSITY
CONNECT: UOW BEGA
At UOW Bega we bring university education to the local community.

You can study with an internationally recognised institution without leaving home, reducing the costs of attending university, maintaining your family support networks and continuing in local employment.

At our campus you will learn in a friendly environment, participating in small classes as well as linking with other students across the network of UOW campuses. Our staff are very approachable and give you guidance throughout your degree.

*New for 2015, subject to final approval

After five years of service in the military, Alexander decided to pursue a career in Nursing.

He hadn’t completed his secondary schooling, and didn’t have any relevant qualifications that would allow him direct entrance to university, but was admitted through one of the many pathways to UOW Bega.

“Class sizes are small, enabling good relationship building. Studying regionally means I complete my prac locally—this allows me to see and meet people that I will be working with in the future.

“University is one of the most amazing things you will ever do. It opens up ideas and thoughts that will change the course of your life, and doing that locally is a bonus.”
