GUEST WORKSHOP
LIFELONG LEARNER PROGRESSION

WATTLE colleagues are warmly invited to attend the following guest workshop:

ABOUT THE WORKSHOP

LIFELONG LEARNER PROGRESSION:
WHOLE PERSON, WHOLE JOURNEY

Considerable development and change in the teams supporting students’ progression through their education journey has enabled significant strategic and practical gains at the University of Wollongong in recent years.

Building on these successes and making the most of the assets developed, UOW has embarked on a change program that will embed ‘whole person, whole journey’ progression approaches into work with internal and external partners.

This workshop will provide a framework for discussion and development of practice that will translate research from multiple disciplines into approaches that support the progression of all students. It will lay a foundation for embedding the concept in outreach, access, transition and success activities across the university, starting with an insight into the research that underpins the idea of progression, and the policy differences between the UK and Australia.

ABOUT THE PRESENTER

Philip Dent is the Chief Executive of The Progression Trust, UK. As a ‘big picture’ thinker with a commitment to the individual, Philip brings practicable strategic insight and vision to his role, driving a national educational change agenda focused on lifelong learner progression. Philip is an Associate Fellow in the Centre for Educational Development, Appraisal and Research (CEDAR), the University of Warwick, and an Associate of the International Centre for Guidance Studies (iCeGS), University of Derby.

He has chaired multi-agency initiatives on progression for disadvantaged groups and has provided strategic leadership and direction for a social change missions across the UK.
