

WATTLE THINK TANK EMPLOYABILITY

WATTLE colleagues are warmly invited to attend the following guest seminar:

EMPLOYABILITY AND MY WORK AT UOW: **WATTLE THINK TANK**

Do you want to know more about one of the major issues confronting Higher Education providers internationally?

Would you like to share your views on employability and its relevance to UOW students and graduates?

Are you interested in joining a Special Interest Group focusing on employability at UOW and beyond?

If you've said 'yes' to any of these questions then register now for this special Think Tank hosted by WATTLE.

Learn from your colleagues, and others who are leading the way in connecting the domains of scholarship and employability, as you consider:

- How employability aligns with your views on the purposes of higher education.
- Whether employability relates to professionally oriented **and** non-professionally oriented degrees.
- How you might engage with employability and the scholarship of Teaching & Learning at the same time.

FACILITATORS

Professor Dawn Bennett

John Curtin Distinguished Professor
Director of the Creative Workforce Initiative,
Curtin University
Principal Fellow of the Higher Education
Academy (UK)

Dawn's research focus is enacting and enabling employability within higher education learning and teaching. This incorporates research on employability, identity development and graduate transition.
