

TEACHING / EXCELLENCE / LEADERSHIP CONNECT: WATTLE MASTER CLASS

EMPLOYABILITY MASTER CLASS: SCHOLARSHIP AND PRACTICE

UOW colleagues are invited to explore scholarship of teaching and learning (SoTL) practices in the converging domains of employability, experiential learning and career development.

Notions of employability will be a vehicle for discussion around job ready, versus work ready, versus career ready.

Hosted by the Wollongong Academy of Tertiary Teaching & Learning Excellence (WATTLE), this master class will provide participants with:

- an opportunity to gain valuable perspectives from international leaders in these fields, and
- the chance to increase their potential to engage in collaborative research with UOW peers.

Master class leader Professor Tristram Hooley, will guide this hands-on session to further our understanding of the research informing practice - and the practice informing research.
