

ISEM Scholarship Applications Available for 2022 - Round 1

Dear students,

ISEM is a flagship institute providing leading research opportunities in major research fields. The institute currently has opportunity for scholarship applications for international (UPA), and domestic (RTP) candidates in the following areas:

Superconductors and Low Energy Materials

Battery Materials

Piezoelectric and dielectric materials

Energy Conversion Materials

Multiferroic Materials

Thin Film Technology

THz Photonics and Solid-State Physics

Biomaterials for Health

Scanning Tunnelling Microscopy

Please find and contact potential ISEM supervisors:
