

Help make it one less cup

DISPOSABLE COFFEE CUPS ARE NOT RECYCLABLE

Disposable coffee cups cannot be recycled via regular recycling collections. For a cup that is used for five minutes it can take up to 500 years to break down in landfill. Thousands of cups are used on campus every day and this is a huge amount of waste.

USE A REUSABLE CUP

Reduce waste to landfill and impacts on the environment by using a reusable cup and encourage others to do the same.

There are a number of kitchenettes on campus where you can wash up your cup. Visit the UOW campus map www.uow.edu.au/about/campusmap/index and select kitchenettes in the menu under Amenities.

CAFES SUPPORTING REUSABLE CUPS

Some cafes offer a discount if you bring your own (BYO) cup. Some also offer options to drink in and use a reusable cup or have cups you can borrow.

| Cafes | Discount for BYO cup | Borrow a cup | Drink in | Sells reusable cups |
