<tr>
<td>EESC105 Introductory Geospatial Analysis</td>
<td>CHEM101(^3) Chemistry IA: Introductory Physical and General Chemistry</td>
</tr>
<tr>
<td>STAT101 Introduction to Statistics</td>
<td></td>
</tr>
</tbody>
</table>

NOTES

It is recommended that students consult an Academic Adviser about their choice of subjects.

Please consult the online Handbook (available from the UOW “Current Students” webpage) for the most up-to-date information regarding subjects on offer, and for subsequent year programs.

\(^1\) MATH187 has a pre-requisite of HSC Mathematics Band 4 (not General Mathematics). Please consult a Maths adviser if you do not meet this requirement.

\(^3\) Students who have not completed HSC Chemistry (or equivalent) with a mark of 65% or more should enrol in CHEM104 and CHEM105 instead of CHEM101 and CHEM102. These students should also complete CHEM106 Foundation Chemistry: Properties and Reactivity of Matter Summer session so that they have the necessary pre-requisites for second year Chemistry subjects.

NEED HELP?

If you have any questions about your enrolment or studying at UOW, please enquire here or call our team on 1300 367 869. You can also refer to our enrolment FAQs page for self-help options.
