Course Name: Bachelor of Science
Course Code: 757
Major: Nuclear Science and Technology
UAC Code: 757638

Wollongong

RECOMMENDED SUBJECTS

The following subjects are recommended for students commencing in Spring session:

| Spring Session (2) | | Autumn Session (1) | |
|--------------------|--------------------------------|----------------------|---|
| PHYS142 | Fundamentals Physics B | MATH187 | Mathematics 1: Algebra and Differential Calculus |
| BIOL103 | Molecules, Cells and Organisms | PHYS141 | Fundamentals Physics A |
| | | PHYS233 | Introduction to Environmental Physics |
| | | CHEM101 ³ | Chemistry IA: Introductory Physical and General Chemistry |

NOTES

It is recommended that students consult an Academic Adviser about their choice of subjects. Students with credit transfer subjects on their offer should consult an Adviser for a program of study.

Please consult the online [Handbook](#) (available from the UOW "Current Students" webpage) for the most up-to-date information regarding subjects on offer, and for subsequent year programs.

Students commencing this major in Spring session will not be able to complete all the required subjects in the minimum time of 3 years.

³ Students who have **not** completed HSC Chemistry (or equivalent) with a mark of 65% or more should enrol in CHEM104 and CHEM105 instead of CHEM101 and CHEM102. These students should also complete CHEM106 Foundation Chemistry: Properties and Reactivity of Matter Summer session so that they have the necessary pre-requisites for second year Chemistry subjects.

NEED HELP?

If you have any questions about your enrolment or studying at UOW, please [enquire here](#) or call our team on 1300 367 869. You can also refer to our [enrolment FAQs page](#) for self-help options.

Academic Adviser

Dr Yujin Qi, Rm 4.G68, phone (02) 4221 5093, email: yujin@uow.edu.au
