NOTES

It is recommended that students consult an Academic Adviser about their choice of subjects.

Students with credit transfer subjects on their offer should consult an Adviser for a program of study.

Please consult the online Handbook (available from the UOW “Current Students” webpage) for the most up-to-date information regarding subjects on offer, and for subsequent year programs.

MATH187 has a pre-requisite of HSC Mathematics Band 4 (not General Mathematics). Please consult a Maths adviser if you do not meet this requirement.

* Students who have not completed HSC Chemistry (or equivalent) with a mark of 65% or more should enrol in CHEM104 and CHEM105 instead of CHEM101 and CHEM102. These students should also complete CHEM106 Foundation Chemistry: Properties and Reactivity of Matter Summer session so that they have the necessary pre-requisites for second year Chemistry subjects.

* Students must maintain an average mark of 80% or better each year to remain in the Advanced degree.
