   b. recognise the support of donors and/or sponsors and their contribution to student achievement.

3. Scholarships exist to:
   a. attract students to the University of Wollongong;

2. Prize recipients shall receive recognition:
   a. at their Annual Faculty or School Awards Night;
   b. by inclusion of the prize on their academic transcript; and
   c. by publication on the University’s website.

Criteria for University Prizes
3. A University prize must:
   a. contain feasible eligibility criteria that require that the student demonstrates academic excellence in either a course, subject, or sequence of subjects of at least six credit points in weight;
   b. in the case of all externally supported University Prizes, provide that the recipient receives a prize of at least $250 in value, together with such other additional item or items as are nominated by the sponsor;
   c. have non-discriminatory eligibility criteria, unless the criteria is targeted at one or more of the University’s equity groups;
   d. set out the source of funds for the University prize and, in the case of any trust funds, how those funds are to be managed for the duration of the University prize;
   e. have a title that provides appropriate recognition for, in the case of a commercial prize, the commercial sponsor, or in the case of a commemorative prize, the person or entity recognised in the prize;

   h. be reviewed by the Originator or responsible unit every four years.

4. All University prizes shall be subject to the following conditions unless expressly provided to the contrary in the approved University prize proposal:
   a. in the case of eligibility based on declared marks, where two or more students obtain the same mark, the prize is to be shared;
   b. in the case of eligibility on the basis of performance in any single subject for which a mark is declared, the student obtains a mark of at least 75%;
   c. in the case of eligibility on the basis of performance in any sequence of subjects or in a course for which marks are declared, the student obtains a weighted average mark (by credit point) of at least 75%.

Transitional Provisions

5. This policy regulates all prizes in recognition of academic merit made on and from the commencement of this policy. All pre-existing University prizes are subject to the provisions of clauses 5.1 – 5.4 of this policy from commencement of this policy and must fully comply with this policy following their next review.

6. Prizes that do not meet the criteria in sections 5.3 and 5.4 may be considered on an individual basis.

6 Executive Dean’s Merit List

1. Executive Dean’s Merit Lists are compiled each academic calendar year. Students are chosen for inclusion on the basis of academic performance in undergraduate programs alone as determined by reference to the student’s Weighted Average Mark (WAM).

Criteria for Executive Dean’s Merit List
2. To be eligible for inclusion on an Executive Dean’s Merit List for a Faculty in a calendar year, a student must:
   a. have completed subjects with a minimum value of 24 credit points at UOW in that calendar year;
   b. have received a WAM within the top five per cent of undergraduate students enrolled in courses owned by the Faculty, or enrolled in a double degree course comprising at least one course owned by the Faculty;
   c. have undertaken at least 18 credit points of subjects offered by that Faculty in the calendar year, where the student is undertaking a double degree; and
   d. have otherwise obtained the minimum WAM, as determined by the Faculty Executive Dean and in accordance with the Student Prizes and Scholarships Procedure, or otherwise have been determined by the Faculty Executive Dean as a student meriting inclusion in the Executive Dean’s Merit List.

3. For students undertaking the Bachelor of Medicine and Bachelor of Surgery (MBBS) program at the Graduate School of Medicine, a student must:
   a. be awarded a final grade of Excellent (E) during a calendar year for a subject worth 48 credit points or more; and
   b. otherwise be determined by the Dean of the School as a student deserving of inclusion in the Executive Dean’s Merit List.

Methodology

4. For the purposes of the Executive Dean’s Merit List, the WAM for each student shall be calculated as the average of the marks, weighted according to credit point value, gained in all subjects for which a result is determined and declared in that calendar year. All subjects will be included, irrespective of which Faculty offered the subject.

5. A student’s results for any subject offered across more than one calendar year will be counted towards the WAM for the calendar year in which the subject is completed.

6. The Executive Dean of each Faculty will advise students in writing of their inclusion on the Executive Dean’s Merit List. This status will also be annotated on the student’s academic transcript by the Student Services Division and openly publicised on the University’s website.

6. The University Medals Nomination Panel may take the following factors related to academic performance into account when considering candidates:

   a. nominations from the Executive Dean outlining the candidate’s academic record and standing in relation to other first class Honours graduates from the Faculty (in that calendar year and historically);
   
   b. student academic transcript showing grades and academic record;
