

IMIA Operator Algebra Seminar
University of Wollongong

Title : C^* -algebras associated with k -graphs

Speaker: David Pask (University of Wollongong)

Abstract: We will continue our description of a k -graph, and the graph groupoid associated to it. Then we will turn our attention to group actions on k -graphs and skew product graphs.

Time and Date: 3:30pm, Tuesday June 16, 2011

Location: Room 19.1098
