Title: Revisiting the K-theory of some higher-rank graph  $C^*$ -algebras

Speaker: Gwion Evans (Aberystwyth University, Wales)

Time and Date: 3:30pm Thursday, 20 November 2014

Location: Room 39C.meeting room

Abstract: After recalling some homological calculations that enable us to gain some information about the K-groups of Cuntz-Krieger algebras of row-finite higher-rank graphs with no sources I will discuss possible future directions and applications.
