3. COMMENCEMENT

- 3.1 The Student must commence the award prior to the census date i.e. **24 March 2024 for Autumn session or 24 August 2024 for Spring session**, unless another date is specified in the letter of offer or in subsequent correspondence.
- 3.2 The student must be in Australia and have presented themselves to the Graduate Research School to commence the scholarship.
- 3.3 The commencement date of the award and enrolment must coincide.

4. DURATION OF AWARD

- 4.2 The duration of an award will be reduced by any periods of study undertaken:
 - (i) towards the degree prior to the commencement of the Award; or
 - (ii) towards the degree during suspension of the award (unless the study was undertaken as part of a Commonwealth Government financially supported international postgraduate research scholarship or award); or

4.3 The duration of an award will be increased by periods of paid leave approved by the University.

5. TUITION

- 5.3 All students who are still enrolled after 4 EFTSL for a Doctorate student and 2 EFTSL for a Master of Philosophy student, will be liable to pay their own tuition fees.

6. PROGRESS

The award holder must submit Annual Progress Reports. The University will discontinue the awards of students who fail to maintain satisfactory progress or complete their Annual Progress Report.

7. COURSE TRANSFER BETWEEN RESEARCH DEGREES

- 7.1 Award holders may convert from a Master of Philosophy to a Doctoral degree, or from a Doctoral degree to a Master of Philosophy degree, with the approval of their supervisor/s and faculty during the tenure of the scholarship. The maximum award duration of a converted award becomes that for the new degree.
- 7.2 An award holder completing a Master of Philosophy degree may continue the award for doctoral studies provided that there is no interval between the Master of Philosophy and Doctoral candidature. Because an award normally expires on completion of a program, the student should ensure that the progression to a doctorate, or suspension of the award, is arranged before the Master of Philosophy studies are completed.
- 7.3 The maximum period of the award for a student transferring from a Master of Philosophy to a Doctoral degree is 3.5 years from the date the student commenced the award as a Master of Philosophy student. The maximum period of the award for a student transferring from a Doctoral degree to a Master of Philosophy is two years from the date the student commenced as a Doctoral student.

8. SUSPENSION

- 8.1 All requests for scholarship suspensions must be accompanied by a completed and signed leave of absence form for the session the suspension is requested for. The form must be signed by the student's supervisor and Head of Postgraduate Studies. Written approval must also be sought from the Industry Partner (if applicable).
- 8.2 Students may apply for a suspension of their award for up to 12 months. Suspensions beyond 12 months will only be considered in exceptional circumstances which are beyond the student's control and must be approved by the Dean of Graduate Research.
- 8.3 The minimum time frame for a suspension is one session.
- 8.4 Suspension beyond two years is not possible.
- 8.5 All requests for suspension must be submitted at least one week prior to the census date of the relevant session (i.e., 24 March for Autumn Session and 24 August for Spring Session).
- 8.6 The Student will be required to notify the GRS in writing of the date they are returning to study to have their scholarship payments recommenced. If a further leave of absence is required, the student must submit another leave of absence application and obtain the relevant signatures and written approval from the Industry Partner (if applicable).
- 8.7 Periods of study undertaken towards the degree during suspension of the award will be deducted from the maximum period of tenure.

9. CONCURRENT AWARDS, SALARIES OR OTHER FUNDING

- 9.1 An award holder may receive a concurrent award, scholarship or salary to undertake their HDR if the concurrent award, scholarship or salary provides a benefit less than 75% of the award stipend rate.

9.2 The 75% rule does not apply to income earned from sources unrelated to the course of study.

10. ANNUAL STIPEND

- 10.1 The award will provide an annual stipend for the amount noted in the letter of offer. For full-time students, this amount is tax-free.
- 10.2 The stipend will be paid in fortnightly instalments.
- 10.3 Where a full-time Award holder is not enrolled over the full period of the year because of late commencement or periods of suspension, the university will provide the proportion of the annual stipend for the period that study is undertaken for that year.
- 10.4 Part-time award holders are entitled to the approved part-time stipend rate, which is **not** exempt from taxation (i.e. is taxable income). Part-time award holders receive half the amount paid to full-time award holders.
- 10.5 The award stipend rates are indexed each year.

11. PART-TIME STUDY

- 11.1 The University may approve a part-time award for a student if the student has exceptional circumstances. For part time study, the University must be satisfied that the exceptional circumstances relate to significant caring commitments or a medical condition which limits the student's capacity to undertake full-time study (supported by medical certification). In approving a part-time award, the University must be satisfied that the award holder's circumstances are such that it would not be reasonable to expect the student to study on a full-time basis.
- 11.2 A student who has a part-time award may revert to full-time study at any time with the permission of the University providing the GRS is notified before the census date of the relevant session.
- 11.3 A part-time award holder is expected to progress at half the rate of a full-time award holder.
