
SNUG301: Managing Deterioration

Subject Outline

6 credit points

Subject Information

NURS Year 3 Autumn, 2024, Wollongong, Eurobodalla, Bega Valley, Liverpool, Shoalhaven, Sutherland
On Campus

On-Campus Delivery This subject is delivered in-person and includes on-campus or other location-based learning activities that cannot be undertaken by students studying Online/Distance. Students unable to attend campus or any other nominated physical delivery location should not enrol in this subject.

This subject will be delivered using: 1) weekly online content and activities; 2) weekly on campus 2-hour tutorials; and 3) weekly 2-hour simulation laboratories.

To be successful at the subject it is important that students actively engage across all three areas. The online content and activities will revise important theoretical content as well as introduce new essential concepts on detecting and managing a deteriorating patient.

Additionally, there will be essential work to help you to prepare for the weekly tutorial and simulation laboratories. The weekly tutorials will incorporate active learning strategies.

Finally, knowledge and skills will be developed further through practice each week in the simulation laboratories. An applied approach using case studies will be used throughout the semester.

UOW may need to change teaching locations, teaching delivery and/or assessment delivery at short notice to ensure the safety and well-being of students and staff in response to the COVID-19 pandemic or other public health requirements.

The Faculty of Science, Medicine and Health

Nursing Inherent Requirements

Inherent requirements are the essential components of a course or unit that demonstrate the abilities, knowledge and skills to achieve the core learning outcomes of the course or unit.

Further information on Inherent Requirements can be found on the following link on the UOW School of Nursing webpage: <http://smah.uow.edu.au/nursing/courses/inherent-requirements/UOW192225.html>

Teaching Staff

Teaching Role	Coordinator
Name	Maree Gair
Email	mgair@uow.edu.au

Teaching Role	Coordinator
Name	Joanne Cordina
Email	jcordina@uow.edu.au

Teaching Staff Additional Information

For subject consultation please email SNUG-301@uow.edu.au

Expectations of Students

UOW values are intellectual openness, excellence and dedication, empowerment and academic freedom, mutual respect and diversity, recognition and performance. We will provide a safe, equitable and orderly environment for the University community, and expect each member of our community to behave responsibly and ethically (UOW Student Conduct Rules <https://documents.uow.edu.au/about/policy/learning/index.html>).

We expect that students demonstrate these values and professional behaviour, both face to face and online, making genuine efforts to complete their studies successfully, arriving on time to class, taking part constructively in class discussions and activities, demonstrating appropriate professional and ethical conduct in all communication with UOW staff and community members, and submitting assignments on time (or completing a request for Academic Consideration in advance if needed).

Communication and eLearning Etiquette

Guidelines on the use of email to contact teaching staff, mobile phone use in class and information on the university guide to eLearning 'Netiquette' can be found at <https://www.uow.edu.au/student/learningcoop/software/emailetiquette/index.html>

Guiding Communication Principles for Students

Moodle Announcements will be the primary platform for communication of general information to students

- Students should ensure they regularly check the main announcements forum at the top of each subject's Moodle site. Information distributed via a Moodle Announcement will not be duplicated on any other forum on the Moodle site.
- Moodle Discussion forums pertinent to specific assignments will be used but will not replace or be used for overarching subject announcements.
 - Assignment discussion forums for specific assignments will be clearly labelled in the forum description to identify the purpose of the forum (e.g. 'Please ask any questions you have about Assessment Task 1 in this discussion forum') - students should check and ask any assignment questions on these forums and not through email.
 - The Moodle assignment discussion forums should always be used in the first instance when inquiring about assessment tasks.
- It is the student's responsibility to check all subject Moodle sites regularly for information and notifications.

SOLS messages will be used for all central communication relating to the following:

- Administrative matters relating to student enrolment
- Critical information relating to course or subject, e.g. Changes to assignments, policy updates, class cancellations or changes
- Timetable information
- Security and emergency information
- Students are encouraged to check SOLS messages daily as these messages are often of high priority

Email

- Communication to UOW staff by students should only be via a UOW email account
- In relation to assessment questions, Moodle assignment forums should be used rather than email.

Remember to use the same principles when communicating online as you would face-to-face. Be clear and respectful and communicate with the same consideration you would expect from others.

Related Policies

- Online and email etiquette <https://tr.uow.edu.au/uow/file/976ffde2-b892-42cf-b20b-5c7a65bc08cc/1/Overview%20of%20Online%20and%20Email%20Etiquette.pdf>

Cyber Bullying

The University is committed to providing a safe, respectful, equitable and orderly environment for the University community, and expects each member of that community to behave responsibly and ethically. Students must comply with the University's [Student Conduct Rules](#) and related policies including the [IT Acceptable Use Policy](#) and [Bullying Prevention Policy](#), whether undertaking their studies face-to-face, online.

For more information on appropriate communication and etiquette in the online environment please refer to the guide [Online and Email Etiquette](#) or at <https://www.uow.edu.au/student/learning-co-op/technology-and-software/email-etiquette/>.

Section A: General Information

Learning Outcomes

Subject Learning Outcomes

On successful completion of this subject, students will be able to:

1. Connect early and late warning signs of the deteriorating person to underlying pathophysiology and psychiatry
2. Apply a systematic person-centred approach to assessing sudden deterioration
3. Develop an immediate plan of care to address the sudden deterioration in health
4. Effectively communicate with members of the interdisciplinary team in a simulated scenario involving a person with sudden health deterioration
5. Defend the necessity for rapid response and standardised assessment
6. Critically evaluate and assess a person with sudden health deterioration
7. Manage an emergency situation or acute deterioration in a simulated setting

Subject Description

This subject builds from content learned throughout the previous two years and strives to equip students with the skills to *recognise and make effective clinical decisions where individuals across the lifespan experience deterioration*, including physical and behavioural changes. Students will develop clinical skills relevant to the management of people who are deteriorating. Students will be introduced to the findings of recent inquiries into health care systems and be familiar with ‘between the flags’, the concepts of rapid response, clinical leadership and the role of interdisciplinary health teams in caring for the deteriorating person. Students will explore the required skills to think, act and communicate quickly under pressure in a person-centred approach.

Course Handbook

Information about subject pre-requisites, co-requisites and restrictions as well as course completion requirements and Course Learning Outcomes can be found in the Course Handbook <https://www.uow.edu.au/handbook/index.html>.

Subject Details: Practical Activities, eLearning, Readings and Materials

Subject eLearning

The University uses the eLearning system Moodle to support all coursework subjects. The subject Moodle site can be accessed via your SOLS page.

Safety Guidelines

The rules below are general rules that are required in the nursing laboratory and simulation areas.

- Please be on time for all simulation laboratories. Admission to the laboratory or simulation class will be closed 10 minutes after the scheduled commencement time. If you arrive late, you may not be able to participate in the laboratory or simulation session.
- All Reasonable Adjustment cases (Access Plans) must be discussed with the Subject Coordinator prior to commencing the activity.
- It is your responsibility to ensure that you sign your name on your specific class roll book located in the foyer area of the laboratory and simulation area, prior to entering your class.
- If you cannot attend or were excluded from your designated laboratory or simulation session, you must immediately contact your subject coordinator who will advise you about what you must do. Please refer to your subject outline about attendance requirements.

- Appropriate attire must be worn for every laboratory or simulation session. No access will be granted to the laboratory or simulation areas without appropriate footwear.
- Please see the Simulation Technician/Assistant if you need to move any equipment including the manikins, beds, tables or other equipment in the simulation / laboratory environment. Please do not move simulators or manikins from their beds without assistance.
- Any accident, injury or near miss, potentially dangerous, malfunctioning or accident-prone equipment, fixtures or situation has to be reported promptly to the Simulation Technician/ Assistant or your demonstrator. The university approved 'Hazard and incident report form' must be completed and forwarded to the Head of School.
- If you have any allergies to latex, hand soaps, dressings or any other materials you could be exposed to during your laboratory or simulation class, please inform the Simulation Technician/ Assistant or your demonstrator.

Additional Subject Details

<https://www.uow.edu.au/united-nations-sustainable-development-goals/sdg-subjects-and-courses/>

This subject aligns with the United Nations Sustainable Development Goals (SDGs) and is part of UOW's SDG Portfolio which aims to ensure that our students are well informed global citizens that can continue to contribute to realising sustainable development through their studies and careers by being proactive, responsible and educated in relation to how realising the Global Goals will better the world.

Major Text(s)

Subject e-readings are available through the UOW Library. Please see the link provided in Moodle.

If there is a textbook available for purchase, you can find the details at University Bookshop

<https://unishop.uow.edu.au/>

Lectures, Tutorials and Attendance Requirements

Lecture Times *

UOW may need to change teaching locations, teaching delivery and/or assessment delivery at short notice to ensure the safety and well-being of students and staff in response to the COVID-19 pandemic or other public health requirements.

Up to date timetable and delivery information is located at

<http://www.uow.edu.au/student/timetables/index.html>

You can access your personal timetable by logging into SOLS and selecting 'My Timetable'

Lecture Program

Additional Lecture Comments

There are no lectures in this subject. To help students prepare for tutorials and laboratory sessions, there will be weekly online content to complete. There are nine (9) teaching weeks. Subject content is structured into eight (8) modules plus a revision week. The modules are;

1. Introduction and Airway- recognising and managing Airway deterioration.
2. Breathing -recognising and managing Breathing deterioration.
3. Circulation- recognising and managing Circulatory deterioration.
4. Disability- recognising and managing Disability deterioration.
5. Exposure- recognising and managing Exposure deterioration
6. Fluids/ Glucose- recognising and managing deterioration related to fluid overload, giving fluid and hyper /hypoglycaemia.
7. Paediatrics- recognising and managing deteriorating in children (and their families)

8. Multiorgan/ SHOCK- recognising and managing shock in deterioration.
9. OSCA revision week

Educational Content Recording

The University of Wollongong supports the recording of UOW educational content as a supplemental study tool, to provide students with equity of access, and as a technology-enriched learning strategy to enhance the student experience.

If you make your own recording of a lecture, class, seminar, workshop or any other educational session provided as part of your course of study you can only do so with the explicit permission of the lecturer and those people who are also being recorded.

You may only use educational content recorded through the delivery of subject or course content, whether they are your own or recorded by the university, for your own educational purposes. Recordings cannot be altered, shared or published on another platform, without permission of the University, and to do so may contravene the University's Copyright Policy, Privacy Policy, Intellectual Property Policy, IT Acceptable Use Policy and Student Conduct Rules. Unauthorised sharing of recordings may also involve a breach of law under the Copyright Act 1969.

Most lectures in this subject will be recorded, when they are scheduled in venues that are equipped with lecture recording technology, and made available via the subject Moodle site within 48 hours.

Your Privacy - Educational Content Recording

In accordance with the Student Privacy & Disclosure Statement, when undertaking our normal teaching and learning activities, the University may collect your personal information. This collection may occur incidentally during the recording of lectures in equipped venues (i.e. when your identity can be ascertained by your image, voice or opinion), or via the delivery of online content therefore the University further advises students that:

- Lecture recordings are made available to students, university staff, and affiliates, securely on the university's IT Platforms and via the subject Moodle eLearning site;
- Recordings are made available only for the purpose for which they were recorded, for example, as a supplemental study tool or to support equity and access to educational resources;
- Recordings are stored securely for up to four years

If you have any concerns about the use or accuracy of your personal information collected in a lecture recording, you may approach your Subject Coordinator to discuss your particular circumstances.

The University is committed to ensuring your privacy is protected. If you have a concern about how your personal information is being used or managed please refer to the University's Privacy Policy or consult our Privacy webpage <https://www.uow.edu.au/privacy/>

Recent Improvements to Subject

The Faculty of Science, Medicine and Health is committed to continual improvement in teaching and learning. In assessing teaching and learning practices in a subject, the Faculty takes into consideration student feedback from many sources. These sources include direct student feedback to tutors and lecturers, feedback through Science, Medicine and Health Central, responses to the Subject and Course Evaluation Surveys. These important student responses are used to make ongoing changes to subjects and courses. This information is also used to inform systemic comprehensive reviews of subjects and courses.

The subject coordinators have made the following changes to the Subject

1. All content has been reviewed and activities revised to reflect feedback from students
2. Assessments changed after reviewing subject evaluation, student feedback and reduce academic integrity breaches.

Extraordinary Changes to the Subject Outline

In extraordinary circumstances the provisions stipulated in this Subject Outline may require amendment after the Subject Outline has been distributed. All students enrolled in the subject must be notified and have the opportunity to provide feedback in relation to the amendment, where practicable, prior to the amendment being finalised.

Peer Assisted Learning (PAL) Program

Whether you could use some extra help or you are a top student, you will benefit from the skills and understanding gained from attending PAL. PAL is an opportunity to learn, prepare and discuss subject content through practice questions and activities. PAL sessions are structured weekly study groups facilitated by PAL Leaders, trained students who have successfully completed the subject. PAL Leaders facilitate group based activities that incorporate important and challenging content with study tools, to help you successfully complete the subject. For more information, go to: <https://www.uow.edu.au/student/support-services/pass/>

Learning Analytics

Learning Analytics data (such as student engagement with Moodle, access to recorded lectures, University Library usage, task marks, and use of SOLS) may be used by the Subject Coordinator and your faculty's Head of Students to assist in analysing student engagement, and to identify and recommend support to students who may be at risk of failure. If you have questions about the kinds of data the University uses, how we collect it, and how we protect your privacy in the use of this data, please refer to <https://www.uow.edu.au/about/privacy/index.html>

Section B: Assessment

Assessment Summary

Assessment Item	Form of Assessment	%
Assessment 1	Assignment	30%
Assessment 2	Professional Task	40%
Assessment 3	Quiz	30%
	TOTAL MARKS	100%

Please note: Copies of student work may be retained by the University in order to facilitate quality assurance of assessment processes.

A formative assessment activity (with written or verbal feedback) will be conducted before census date - please see [UOW Key Dates](#).

Assessment 1: Assignment - Assignment - written response 3 submissions

Marking Criteria	3 separate submission of a 500-word written task- documentation/ report writing. Rubric will be available to guide your assessment.
Length	500 words per task - 3 separate tasks to be submitted.
Weighting	30%
Assessment Due	11 Feb 2024 (Sunday in Session Week 2) 25 Feb 2024 (Sunday in Session Week 4) 14 April 2024 (Sunday in Session Week 6) Final submission time: 8:00pm
Type of Collaboration	Individual assessment
Style and format	Submission via Turnitin SNUG301 Moodle page.
Assessment submission	Online via Moodle
Assessment return	Within 15 working days
Detailed information	Details found in SNUG301 assessment guide and on Moodle page.

Assessment 2: Professional Task - Weighted OSCE

Marking Criteria	A marking rubric is in the Assessment book. This marking rubric will be available in Labs across the semester.
Length	60 minutes
Weighting	40%
Assessment Due	To Be Announced
Type of Collaboration	Individual assessment
Style and format	OSCE-Simulation
Assessment submission	Students will need to nominate a date and time for their OSCE via Moodle enrolment.
Assessment return	On day of OSCE
Detailed information	Details will be available via SNUG301 assessment book, simulation laboratories and on SNUG301 Moodle page.

Assessment 3: Quiz - Quiz

Marking Criteria	60 questions. Multi choice questions
Length	60 Questions in 60 minutes
Weighting	30%
Assessment Due	27 May 2024 (In your assigned tutorial in Session Week 17) Final submission time: 8:00pm
Type of Collaboration	Individual assessment
Style and format	Online Quiz completed in tutorial.
Assessment submission	Online via Moodle
Assessment return	Within 15 working days
Detailed information	Details available in SNUG301 Assessment book and Moodle page.

Minimum Requirements to Pass this Subject

It is expected that students will allocate 12hrs based on credit points per week to this subject, including any required class attendance, completion of prescribed readings and assessment tasks.

Online content

There will be online content to revise and develop the theoretical knowledge of students. This will include essential readings and online Moodle workbook activities.

Tutorials:

Attendance is strongly recommended at all tutorials and active involvement in class is expected from students. Students may be absent from 1 tutorial without explanation. Students who are absent from more than 1 tutorial are required to apply for Academic Consideration via SOLS AND will need to contact the Subject Coordinator to discuss requirements for meeting the missed learning objectives.

Laboratories:

Laboratory attendance is 100% compulsory and must be met to successfully develop key skills and achieve the subject learning outcomes, and thereby complete the subject. An application for Academic Consideration via SOLS and the presentation of suitable documentation, for example a Medical Certificate can be made to Student Central as soon as practical. For further details about applying for Academic Consideration visit the Student Central webpage: <http://www.uow.edu.au/student/central/academicconsideration/index.html>

An Academic Consideration is required for any laboratory absence. Any student who misses a laboratory class must complete a make-up class to meet the subject learning outcomes. Make-up classes have been scheduled for the session and the dates are available on the Moodle site. These are the only dates available for make-up and students are expected to attend as required. Students cannot make up more than two (2) standard-scheduled laboratory classes regardless of Academic Consideration in order to meet the minimum attendance requirements. Students who do not meet the laboratory attendance requirements will be declared a technical fail in the subject due to the inability to meet the subject learning outcomes.

UOW Grade Descriptors

The UOW Grade Descriptors are general statements that communicate what our grades represent, in terms of standards of performance, and provide a frame of reference to ensure that assessment practice across the University is appropriate, consistent and fair. Grade Descriptors are expressed in general terms so that they are applicable to a broad range of disciplines. Grade Descriptors are available here <https://www.uow.edu.au/student/exams/results/>. For more information on the UOW grade descriptors refer to the Teaching and Assessment: Assessment and Feedback Policy: <https://documents.uow.edu.au/about/policy/alphalisting/UOW222910.html>

Assessment Learning Outcome Matrix

Learning Outcomes	Measures - Assessment weighting		
	Assignment - written response 3 submissions	Weighted OSCE	Quiz
	(30%)	(40%)	(30%)
Connect early and late warning signs of the deteriorating person to underlying pathophysiology and psychiatry	✓	✓	✓
Apply a systematic person-centred approach to assessing sudden deterioration		✓	✓
Develop an immediate plan of care to address the sudden deterioration in health	✓	✓	✓
Effectively communicate with members of the interdisciplinary team in a simulated scenario involving a person with sudden health deterioration		✓	✓
Defend the necessity for rapid response and standardised assessment		✓	✓
Critically evaluate and assess a person with sudden health deterioration	✓	✓	✓
Manage an emergency situation or acute deterioration in a simulated setting		✓	✓

Submission, Retention and Collection of Written Assessment

Assessed work must be handed in by the date and time listed under each assessment task. All assessment tasks must represent the enrolled student's own ORIGINAL work and must not have been previously submitted for assessment in any formal course of study.

Extensions

Students requesting extensions of time to submit an assessment task, deferred exam, alternative form of assessment or exemption of a compulsory attendance requirement must apply online via SOLS and provide documentary evidence within three working days of the assessable item's due date for their request to be considered. **For information on the Policy, eligibility and how to apply see:**

<https://www.uow.edu.au/student/admin/academic-consideration/>

Late Submission Penalty

Late submissions will receive a penalty of 5% per day (or part thereof) of the total possible marks for the assessment task for up to ten (10) days after the due date and time for submission (including weekends, and public holidays), or, where an extension has been granted, for up to ten (10) days after the nominated extension deadline. For the purposes of this penalty a weekend (Saturday and Sunday) will be regarded as two days.

No marks will be awarded for work submitted:

- more than ten (10) days after the due date, or
- after the assessment has been returned to the students; whichever is applicable.

In such an instance, a mark of zero and a result of Fail for the task will be applied.

Note: Assessments must still be submitted to meet minimum performance requirements even though no mark is to be awarded.

Quiz Completion

Where there is a quiz component, any student who has not attempted and submitted a quiz within the specified timeframe will receive 0 (zero) marks for this assessment type. The quiz will not be reopened, and no alternative assessment will be set without extenuating circumstances and an approved academic consideration application. Late penalties do not apply to quizzes. If a student attempts a quiz but for technical issues is not able to submit the quiz, students must show evidence and apply for an academic consideration to sit a supplementary quiz.

Collection

Once your assignment has been marked and your Subject Coordinator releases results for the assessment you will be able to access feedback on your assignment within the assessment submission page on the Moodle site for this subject. This will include feedback within the marking guide, feedback comments and feedback files (where applicable) that provide you with your markers feedback on your written work. You will receive an automated notification that your assignment results are available for download / review within Moodle.

You can access feedback on your marked assignment on the Assignment submission page, when marks and feedback have been released to students, please note that the Feedback section appears at the bottom of the page

Your final mark in the assessment task will be posted within SOLS.

Feedback on quizzes, examinations and /or presentations:

Contact your lecturer/tutor/subject coordinator if you would like feedback on your assessment. In accordance with University Policy marked assignments will usually only be held for 21 days after the declaration of marks for that assignment.

Retention

The university may retain copies of student work in order to facilitate quality assurance of assessment processes, in support of the continuous improvement of assessment design, assessment marking and for the review of the subject. The University retains records of students' academic work in accordance with the University Records Management Policy and the State Records Act 1988 and uses these records in accordance with the University Privacy Policy and the Privacy and Personal Information Protection Act 1998.

Scaling

Marks awarded for any assessment task or part of any assessment task, including an examination may be subject to scaling at the end of the session. Marks will be scaled only when unpredicted circumstances occur and in order to ensure fairness of marking across groups of students. The method of scaling will depend on the type of scaling required by the circumstances. When scaling is deemed necessary, it will follow a detailed consideration by the Unit Assessment Committee and/or the Faculty Assessment Committee of the marks of the group of students concerned. Scaling will not affect any individual student's rank order within their cohort. For more information please refer to Standards for the Finalisation of Student Results Schedule 1: Scaling Guidelines <https://www.uow.edu.au/about/policy/UOW039331.html> for details.

Supplementary Assessment

Supplementary assessment may be offered to students whose performance in this subject is close to that required to pass the subject, and are otherwise identified as meriting an offer of a supplementary assessment. The Subject Coordinator will determine the precise form of supplementary assessment at the time the offer of a supplementary is made. In some circumstances you may be offered a supplementary exam. For more information about Supplementary Exams refer to: <http://www.uow.edu.au/student/exams/aboutsupp/index.html>

Review and Appeal of Academic Decisions

A student may request an explanation of a mark for an assessment task or a final grade for a subject consistent with the student's right to appropriate and useful feedback on their performance in an assessment task. A student may also seek further explanation for other academic decisions such as Academic Consideration, Supplementary Assessment or Credit for Prior Learning. If a student is not satisfied with the explanation, or have further concerns, they may have grounds for a formal review. For further information refer to <https://documents.uow.edu.au/about/policy/students/UOW189967.html>

Assessment Quality Cycle

The UOW Assessment Quality Cycle provides a level of assurance that assessment practices across the University are appropriate, consistent and fair. Quality assurance activities are undertaken to support the continuous improvement of assessment and promote good practices in relation to assessment design, marking and review of the subject prior to subsequent delivery.

Academic Integrity

The University's Academic Integrity Policy, faculty handbook and subject guides clearly set out the University's expectation that students submit only their own original work for assessment and avoid plagiarising the work of others or cheating. Re-using any of your own work (either in part or in full) which you have submitted previously for assessment is not permitted without appropriate acknowledgement. Plagiarism can be detected and has led to students being expelled from the University.

The use by students of any website that provides access to essays or other assessment items (sometimes marketed as 'resources'), is extremely unwise. Students who provide an assessment item (or provide access to an assessment item) to others, either directly or indirectly (for example by uploading an assessment item to a website) are considered by the university to be intentionally or recklessly helping other students to cheat. Uploading an assessment task, subject outline or other course materials without express permission of the University is considered academic misconduct and students place themselves at risk of being expelled from the University.

Students should visit the following University website and become familiar with the University's policy on plagiarism <https://www.uow.edu.au/about/policy/UOW058648.html>

Referencing

APA 7 referencing system should, unless otherwise specified for a particular assignment (check Details of Assessment Tasks), be utilised.

The APA Referencing Style is an author-date citation style. It has two main features:

- In-text citations, when you refer to another author's work you must cite your source by providing the last name(s) of the author(s) and the year of publication.
- The reference list which appears at the end of your assignment and includes a full description of each source you have cited, listing them in alphabetical order by the author's last name.

A summary of the APA 7 can be accessed on the Library website at <https://uow.libguides.com/refcite/apa-7>

Section C: General Advice for Students - Policies and Procedures

Student Services and Support

There are a range of services available to students that are provided free of charge. A good place to get to know services that may be of use to you is the Get Started @ UOW web page, accessed here <https://getstarted.uow.edu.au/index.html> or search for "Get Started @ UOW". Services available include:

Service	Link to information about the service
Aboriginal & Torres Strait Islander	https://www.uow.edu.au/wic/about1/index.html?ssSourceSiteId=getstarted
Careers advice	https://www.uow.edu.au/careers/index.html?ssSourceSiteId=getstarted
Counselling	https://www.uow.edu.au/student/counselling/index.html?ssSourceSiteId=getstarted
Student Accessibility and Inclusion (SAI)	https://www.uow.edu.au/student/disability/index.html?ssSourceSiteId=getstarted
Information Tech.	https://www.uow.edu.au/its/index.html?ssSourceSiteId=getstarted
Study Skills	https://www.uow.edu.au/student/learningcoop/index.html?ssSourceSiteId=getstarted

Student Support Adviser (SSA)

If you have a temporary or ongoing issue or a problem that is affecting your study, including issues that are related to belonging to an equity group, then the Student Support Advisers may be able to help. There are Student Support Advisers available to assist students who are studying at all UOW Campuses and in all UOW Faculties. Contact details can be found on the UOW website: <https://www.uow.edu.au/student/services/SSA/contact/index.html>

Student Advocacy Service

The Student Advocacy Service (SAS) is free, confidential and independent service for all UOW students. The SAS provides advocacy and referral for a range of academic, procedural and administrative issues. For more information visit: <https://www.uow.edu.au/student/support-services/advocacy/>

Student Central

Student Central is your primary administrative and information contact during your studies. There are service representatives from Student Service, Accommodation Services, BUPA, Global Student Mobility (Exchange) and Scholarships and Sponsorships.

Our purpose is to ensure students have access to the information they need, at the time they need it. We can help with a wide range of enquiries, some are:

- Applying for academic consideration
- Official documentation requests
- Updating personal details
- Student ID card replacement
- Opal cards and transport
- Education verification
- Fees and charges
- Scholarships and grants
- Digital and printed academic documents
- Overseas health cover

Library Services

Save yourself time and enhance your studies: connect with information specialists and resources anytime, anywhere.

- For Library support connect with [Live Chat](#) or [contact the Library](#).
- For self-help see [Frequently Asked Questions](#) or browse [Library guides](#) to find information, databases and skills tutorials.
- [Research consultations](#) are available to UOW Postgraduate, Honours and Deans Scholar students.

Academic Integrity Policy

Academic integrity involves upholding ethical standards in all aspects of academic work, including learning, teaching and research. It involves acting with the principles of honesty, fairness, trust and responsibility and requires respect for knowledge and its development. The Policy can be found at:

<http://www.uow.edu.au/about/policy/UOW058648.html>

Code of Practice - Research

This Code mandates the current policy and best practice relating to procedures for responsible research. The Code can be found at: <http://www.uow.edu.au/about/policy/UOW058663.html>

Code of Practice - Honours

This Code sets out the responsibilities of all parties involved in managing students undertaking Honours Programs. The Code can be found at: <http://www.uow.edu.au/about/policy/UOW058661.html>

The Code of Practice - Work Integrated Learning (Professional Experience)

The Code of Practice - Work Integrated Learning (Professional Experience) sets out what is expected from students, the University and Host Organisations in providing work integrated learning professional experience programs. It applies to professional experience programs that form the whole or part of a subject or course offered at the University. The Code assists in promoting a productive work integrated learning experience for students and in promoting relevant UOW Work Integrated Learning Design Principles.

Copyright Policy

The purpose of this Policy is to outline responsibilities and procedures regarding the use of third party copyright material, with the objectives of reducing staff and UOW exposure to the risks associated with the use of third party copyright material, assisting staff to make full legal use of the materials at their disposal by clearly identifying responsibilities and promoting copyright compliance. The Policy can be found at:

<http://www.uow.edu.au/about/policy/alphalisting/UOW026670.html>

Course Progress Policy

The Course Progress Policy establishes the requirements, definitions and procedures to be used in determining the standards of acceptable course progress. The Policy can be found at:

<http://www.uow.edu.au/about/policy/UOW058679.html>

Examination Rules and Procedures

The UOW rules and procedures outline exam conditions, student conduct in exams, and the procedures for exam management. Further information can found here: <https://www.uow.edu.au/student/exams/>

Ethical or Religious Objection by Students to the Use of Animal and Animal Products in Coursework Subjects

This policy provides a framework for recognition of and responses to students' ethical or religious objection to animal use in coursework subjects at the University of Wollongong. For the purpose of this policy, animal use includes killing of animals in experimental work, dissection of animals that are already dead, use of animal tissues, use of animal-derived products (such as sera). These uses are relevant to teaching and assessment.

Further information about this policy can be found here:

<http://www.uow.edu.au/about/policy/UOW058708.html>

Coursework Rules

The Coursework Rules (hereafter the Rules) govern the admission, enrolment, progression through, and qualification for a coursework award offered by the University. Further information can be found here:

<https://documents.uow.edu.au/about/policy/UOW262890.html>

Human Research Ethics

The Human Research Ethics Committee protects the welfare and rights of the participants in research activities.

Further information can be found here: <http://www.uow.edu.au/research/ethics/human/index.html>

Inclusive Language Guidelines

UOW endorses a policy of non-discriminatory language practice in all academic and administrative activities of the University. Further information is available from:

<http://www.uow.edu.au/about/policy/alphalisting/UOW140611.html>

Intellectual Property Policy

UOW's Intellectual Property Policy provides guidance on the approach taken to Intellectual Property (IP), including its ownership, protection and exploitation. Further information about the management of IP is available at

<http://www.uow.edu.au/about/policy/UOW058689.html>

Review and Appeal of Academic Decisions Policy

UOW aims to provide a transparent and consistent process for resolving a student concern about an academic decision that has affected their academic progress, including a mark or grade. Further information is available at:

<http://www.uow.edu.au/about/policy/UOW058653.html>

Student Academic Consideration Policy

The purpose of the Student Academic Consideration Policy is to enable student requests for academic consideration for assessable components of a subject to be evaluated in a fair, reasonable, timely and consistent manner throughout the University. **For information on the Policy, eligibility and how to apply see:**

<https://www.uow.edu.au/student/admin/academic-consideration/>

The Student Charter - Your Rights and Responsibilities

The Student Charter is based on principles that guide all members of the University and that promote responsible partnerships within and beyond the University community.

<http://www.uow.edu.au/student/charter/index.html>

Student Assignment of Intellectual Property (IP) Policy

This policy applies to all Students (under-graduate and post-graduate) of the University of Wollongong (UOW). It may also apply to other persons by agreement. This policy sets out the approach taken by UOW in relation to Student assignment of intellectual property. Further information about this policy can be found here:

<http://www.uow.edu.au/about/policy/UOW058690.html>

Student Conduct Rules

These Rules outline the required conduct of students of UOW, and direct staff and students to University Rules, standards, codes, policies, guidelines, procedures and other requirements which specify acceptable and unacceptable student conduct, and the management of alleged student misconduct.

<http://www.uow.edu.au/about/policy/UOW058723.html>

Teaching and Assessment: Assessment and Feedback Policy

The purpose of this Policy is to set out the University of Wollongong's approach to effective learning, teaching and assessment, including the principles and minimum standards underlying teaching and assessment practice.

The Policy can be found at: <http://www.uow.edu.au/about/policy/alphalisting/UOW222905.html>

Teaching and Assessment: Code of Practice - Teaching

This Code is a key document in implementing the University's Teaching and Assessment Policy and sets out the specific responsibilities of parties affected in relation to learning, teaching and assessment, as well as procedures for teaching staff. The Code can be found at: <http://www.uow.edu.au/about/policy/UOW058666.html>

Teaching and Assessment: Subject Delivery Policy

This Policy sets out specific requirements in relation to the delivery of Subjects. The policy can be found at:

<http://www.uow.edu.au/about/policy/alphalisting/UOW222906.html>

Workplace Health & Safety Policy

The Workplace Health and Safety (WHS) unit at UOW aims to provide structures, system and support to ensure the health, safety and welfare of all at the campus. Further information is available from:

<https://www.uow.edu.au/about/policy/alphalisting/UOW016894.html>
